

Environmental Policy Statement

Halcyon Tankers are committed to carrying out all operations in a way that gives full consideration to minimising environmental impacts. Aspects and impacts of the operations will be reviewed and documented in order that they can be managed.

Controls will include the following:

- ◆ Prevention of environmental incidents through policy, procedure and equipment selection
- ◆ Controlling and reducing vehicle emissions through Driver Training and equipment selection
- ◆ Focusing on energy consumption and in particular the reduction of fuel consumption
- ◆ Where possible, selecting suppliers who have sustainable supply chains
- ◆ Complying with legislation at all times

Our management system includes control measures for abnormal and emergency situations.

We will communicate our Policy to our customers and their representative's, our sub-contractors, our suppliers, all persons working for or on behalf of the organisation and any other interested parties to promote environmental awareness to gain their support to meet our aims.

Ian Elliott

Managing Director
